RE: Case No 2006-00310
Filing Deficiencies

RECEIVED

AUG 15 2006

PUBLIC SERVICE
COMMISSION

The Commission staff has reviewed your application in the above case. This filing is rejected for the reasons set forth below.

1. Filing deficiencies pursuant to 807 KAR 5:063:

~~807 KAR 5:063: Section 1(1)(l) 1. A statement that every person who, according to property valuation administrator's records, owns property within 500 feet of the proposed tower has been: notified by certified mail, return receipt requested, of the proposed construction;~~

~~807 KAR 5:063: Section 1(1)(l) 2. A statement that every person who, according to property valuation administrator's records, owns property within 500 feet of the proposed tower has been: Given the Commission docket number under which the application will be processed; and~~

~~807 KAR 5:063: Section 1(1)(l) 3. A statement that every person who, according to property valuation administrator's records, owns property within 500 feet of the proposed tower has been: Informed of his right to request intervention.~~

~~807 KAR 5:063: Section 1(1)(m) A list of the property owners who received the notice, together with copies of the certified letters sent to listed property owners.~~

~~807 KAR 5:063: Section 1(1)(n) 1. A statement that the local county judge, executive, has been: Notified by certified mail, return receipt requested, of the proposed construction;~~

~~807 KAR 5:063: Section 1(1)(n) 2. A statement that the local county judge, executive, has been: Given the Commission docket number under which the application will be processed; and~~

~~807 KAR 5:063: Section 1(1)(n) 3. A statement that the local county judge, executive, has been: Informed of his right to request intervention.~~

~~807 KAR 5:063: Section 1(1)(o) A copy of the notice sent to the county judge executive.~~

MB/MB

807 KAR 5:063: Section 1(2)(a) The notice on the site must state: "(Name of utility) proposes to construct a telecommunications ('tower' or 'monopole') on this site. If you have questions, please contact (name and address of utility) or the Executive Director, Public Service Commission, 211 Sower Boulevard, P. O. Box 615, Frankfort, Kentucky 40602. Please refer to (assigned docket number) in your correspondence."

807 KAR 5:063: Section 1(2)(b) The notice posted on the nearest public road must state: "(name of utility) proposes to construct a telecommunications ('tower' or 'monopole') on this site. If you have questions, please contact (name and address of utility) or the Executive Director, Public Service Commission, 211 Sower Boulevard, P. O. Box 615, Frankfort, Kentucky 40602. Please refer to (assigned docket number) in your correspondence."

The statutory time period in which the Commission must process this case will not commence until the above-mentioned information is filed with the Commission. If your filing contains a proposed effective date, the rejection of your filing for reasons of deficiencies voids that proposed effective date. When you file the required information to correct the deficiencies, you may refile your proposed tariff with a new proposed effective date that is at least 30 days from the date you file the required information. You are requested to file 10 copies of this information within 15 days of this letter. If you need further assistance, please contact Eric Bowman at 502/564-3940 ext. 440.

Sincerely,

Mike Burford
Director Division of Filings

RE: Public Notice – Kentucky Public Service Commission
Docket # 2006-00310

Dear Sir or Madam:

Shared Sites, LLC and American Cellular Corporation are making application to the Kentucky Public Service Commission (PSC) for a Certificate of Public Convenience and Necessity to construct and operate a new facility to provide wireless communication services. The facility will include a 280-foot tower with appurtenances attached to a maximum height of 286 feet, and a ground level equipment shelter(s) to be located at Route 1, Old US 68, Box 517A, Ewing, KY 41039. This notice is being sent to you because you are the Judge Executive in Robertson County where the tower is proposed.

The Kentucky Public Service Commission invites your comments regarding the proposed construction. You also have the right to intervene in this matter. Your initial communication to the PSC must be received by the PSC within 20 days of the date of the Postal cancellation on the envelope this letter was received in. Your comments and request for intervention should be addressed to: Executive Director's Office, Public Service Commission of Kentucky, 211 Sower Boulevard, Post Office Box 615, Frankfort, KY 40602-0615. Please refer to Docket No.: 2006-00310 in your correspondence.

Please feel free to contact David Jantzi at 315-376-3333, if you have any questions.

Sincerely,
Shared Towers KY, LLC

MCLEAN, VA 22101

SUBJECT: AS-101-FGX-06-083

STRUCTURE: Antenna Tower
LOCATION: Ewing, KY
COORDINATES: 38-26-15.34 N / 83-59-03.42 W
HEIGHT: 286'AGL/1094'AMSL

The Kentucky Airport Zoning Commission has approved your application for a permit to construct 286'AGL/1094'AMSL Antenna Tower near Ewing, KY 38-26-15.34 N / 83-59-03.42 W.

This permit is valid for a period of 18 Month(s) from its date of issuance. If construction is not completed within said 18-Month period, this permit shall lapse and be void, and no work shall be performed without the issuance of a new permit.

A copy of the approved application is enclosed for your files.

Medium intensity white strobe lights are required in accordance with 602 KAR 50:100

A handwritten signature in black ink, appearing to read "John Houlihan".

**** DETERMINATION OF NO HAZARD TO AIR NAVIGATION ****

The Federal Aviation Administration has completed an aeronautical study under the provisions of 49 U.S.C., Section 44718 and, if applicable, Title 14 of the Code of Federal Regulations, part 77, concerning:

Structure Type: Antenna Tower
Location: Ewing, KY
Latitude: 38-26-15.34 N NAD 83
Longitude: 83-59-3.42 W
Heights: 286 feet above ground level (AGL)
1094 feet above mean sea level (AMSL)

This aeronautical study revealed that the structure does not exceed obstruction standards and would not be a hazard to air navigation provided the following condition(s), if any, is(are) met:

As a condition to this Determination, the structure is marked and/or lighted in accordance with FAA Advisory Circular 70/7460-1 AC 70/7460-1K Change 1, Obstruction Marking and Lighting, 24-hr med-strobes - Chapters 4,6 (MIWOL), & 12.

It is required that the enclosed FAA Form 7460-2, Notice of Actual Construction or Alteration, be completed and returned to this office any time the project is abandoned or:

At least 10 days prior to start of construction
(7460-2, Part I)

Within 5 days after the construction reaches its greatest height
(7460-2, Part II)

See attachment for additional condition(s) or information.

This determination expires on 01/21/2008 unless:

- (a) extended, revised or terminated by the issuing office.
- (b) the construction is subject to the licensing authority of the Federal Communications Commission (FCC) and an application for a construction permit has been filed, as required by the FCC, within 6 months of the date of this determination. In such case, the determination expires on the date prescribed by the FCC for completion of construction, or the date the FCC denies the application.

NOTE: REQUEST FOR EXTENSION OF THE EFFECTIVE PERIOD OF THIS DETERMINATION MUST BE POSTMARKED OR DELIVERED TO THIS OFFICE AT LEAST 15 DAYS PRIOR TO THE

EXPIRATION DATE.

This determination is based, in part, on the foregoing description which includes specific coordinates, heights, frequency(ies) and power. Any changes in coordinates, heights, and frequencies or use of greater power will void this determination. Any future construction or alteration, including increase to heights, power, or the addition of other transmitters, requires separate notice to the FAA.

This determination does include temporary construction equipment such as cranes, derricks, etc., which may be used during actual construction of the structure. However, this equipment shall not exceed the overall heights as indicated above. Equipment which has a height greater than the studied structure requires separate notice to the FAA.

This determination concerns the effect of this structure on the safe and efficient use of navigable airspace by aircraft and does not relieve the sponsor of compliance responsibilities relating to any law, ordinance, or regulation of any Federal, State, or local government body.

A copy of this determination will be forwarded to the Federal Communications Commission if the structure is subject to their licensing authority.

If we can be of further assistance, please contact our office at (847)294 7575. On any future correspondence concerning this matter, please refer to Aeronautical Study Number 2006-ASO-4047-OE.

Additional Information for ASN 2006-ASO-4047-OE

NOTE WITH REGARDS TO OBSTRUCTION MARKING AND LIGHTING

The FAA has no objection to the use of a 24-hour medium intensity white obstruction lighting system (MIWOL) with regards to aviation safety. However, the sponsor should be acutely aware that the nighttime use of a MIWOL system is often very objectionable to citizens who reside in the vicinity of the structure. Serious complaints oftentimes result from the use of this type of lighting system even in rural areas. The FAA does not approve MIWOL systems in or near urban areas or within 3 NM of a public-use airport. Accordingly, should the sponsor wish to utilize one of the alternative lighting systems, such as a medium intensity dual lighting system the FAA would have no objection.

PLEASE BE ADVISED THAT THERE IS A VERY STRONG POSSIBILITY SOMEONE WILL COMPLAIN ABOUT THIS MIWOL SYSTEM. ALL COMPLAINTS RECEIVED BY THIS OFFICE WILL BE REFERRED DIRECTLY TO YOU.
